Final Report	0	N/A
Internal fee payable to ORIA for <u>WIRB</u> or other Affiliated IRB Reviewed *	\$1,000.00	\$100.00

* Internal fees cover the administrative costs associated with the local contextual review and the ongoing maintenance of the file. These fees are in addition to the Western Institutional Review Board (WIRB) fees: <http://www.wirb.com> or other affiliated IRB charges.

Example A:

John Smith submits a protocol for research that will be funded by Intel Inc. for review by the ASU IRB. The study involves no more than minimal risk and will be reviewed under expedited criteria. The ASU Fee due at the time of initial protocol review is \$1,000.00. If the research will continue after the initial expiration date the fee for continuing review is \$100.00 annually.

No ASU fee is assessed for review of amendments or reporting of adverse events.

Example B:

Jane Does submits a protocol through the ASU IRB for review under the negotiated affiliation agreement with the Western IRB (WIRB). The WIRB fee will be assessed in addition to the ASU internal fee of \$1000.00 and both fees must be submitted to ORIA prior to initial protocol review.

No ASU fee is assessed for review of amendments or reporting of adverse events.

If the research will continue beyond the initial expiration date the WIRB and ASU fees for continuing review will be assessed at the time of protocol submission.
