**Guideline for Obtaining a Research Drug Enforcement Agency (DEA) License for Controlled Drugs**

All ASU Principal Investigators using controlled substances for animal-based teaching or research must obtain and maintain their own Research DEA license.

**Applying for a Research DEA License:**

**Original Application** - To obtain a DEA license for research purposes, log on to the DEA website at [http://www.deadiversion.usdoj.gov/drugreg/index.html](http://www.deadiversion.usdoj.gov/drugreg/index.html) and click on "New Applications." Once redirected, see the pages below for step-by-step instructions for completing this online application ([form 205](http://www.deadiversion.usdoj.gov/drugreg/index.html)). While there are costs listed in the dropdown menu from which you select your business activity, your application will be exempt from these charges. The application takes about 15 minutes to complete, but it takes 4-6 weeks to obtain the license so plan ahead. If you require additional assistance during the application process, you may contact the DEA office in Phoenix directly (602-664-5600) or DACT (Dr. Dale DeNardo, denardo@asu.edu, 480-965-3325). For investigators who are collaborators, you may elect to obtain one DEA license and then list all of the locations where the controlled substances will be stored. Please remember that the person whose name is on the DEA license is legally responsible for all sites listed under that license number.

**Application Renewal** – The DEA license needs to be renewed annually. Use the same DEA website address provided above, but select "Renewal Applications" instead. Complete the online form ([form 205a](http://www.deadiversion.usdoj.gov/drugreg/index.html)). The following step-by-step process for completing the original application is also helpful when completing details of the renewal application.
